ssc@uah.edu
256-824-2478

The Student Success Center (SSC) provides academic support programs that empower individuals to realize their potential as self-directed learners and professionals. The SSC is located in M. Louis Salmon Library. To learn more about any of our programs, visit the SSC website (<http://www.uah.edu/ssc>) or call 256-824-2478.

Tutoring & Writing

The Tutoring & Writing Program offers assistance in a variety of subjects through one-on-one tutoring and small group sessions, both face-to-face and online via live video conference. Tutors work with students not only on content, but also on study and learning strategies. Writing tutors are also available to help with the writing process for academic writing. Tutors attend training throughout the semester and work towards College Reading & Learning Association (CRLA) certification.

To make an appointment and to see a current list of subjects offered for tutoring, visit the Tutoring & Writing Program website (<http://www.uah.edu/ssc/tutoring>) or call 256-824-2478.

Peer Assisted Study Sessions (PASS)

The Peer Assisted Study Sessions (PASS) Program provides academic support for students enrolled in specifically designated classes that are considered historically difficult. PASS leaders are UAH students who have previously and successfully completed the course. They attend class lectures along with currently enrolled students and facilitate group study sessions two to three times per week outside of class. PASS provides an active learning environment through sessions that focus on both course content and learning strategies. To find out more about the program, or to view the current PASS schedule, students can visit the PASS website (<http://www.uah.edu/ssc/pass-program>) or call 256-824-2478.

Peer Academic Coaching

Academic Coaches assist students in obtaining various academic and self-management skills such as time management, study strategies, goal-setting, and test preparation. Any student who wishes to improve his or her academic performance is welcome to schedule a one-on-one session with a coach. During these sessions, the coach and student work together to identify academic strengths and obstacles, and to set up an action plan for achieving goals. Coaches attend training throughout the semester and work towards College Reading & Learning Association (CRLA) certification. Students can make an appointment by visiting the Academic Coaching website (<http://www.uah.edu/ssc/academic-coaching>) or by calling 256-824-2478.

College Academic Support Centers

College of Business Administration

The Office of Academic Assistance is located in the Business Administration Building, room 102. Advisement and tutoring arrangements may be scheduled by phone at 256.824.6024 or by email at undergradbiz@uah.edu.

College of Engineering

The College of Engineering Student Affairs Office is located in the Engineering Building, room 157. The office offers comprehensive advising services and coordinates tutoring when requested. Phone 256.824.6877 for information.

College of Arts, Humanities, and Social Sciences

The Liberal Arts Academic Advisor, Mr. Frank Bell, is located in Morton Hall 220. Liberal Arts students who have not filed a Program of Study must meet with Mr. Bell for schedule planning before registering. Call for an appointment at 256.824.2867 (bellf@uah.edu). The college maintains a student computer lab in the Salmon Library. In addition, there is a Sociology Library in MOR 344 and a Women's Studies Resource Center in MOR 254.

College of Nursing

The Office of Nursing Student Affairs is located in room 207 of the Nursing Building, and is directed by Ms. Laura Mann (256.824.6742, mannl@uah.edu). Nursing students should visit the office for advisement and other academic needs. The college also maintains a Learning Resource Center on the fourth floor of the Nursing Building, directed by Ms. Andrea Payne (256.824.6139, paynea@uah.edu).

College of Science

The Science Academic Advisors, Ms. Morgan Lewis (256.824.6605, lewism@uah.edu) and Ms. Jennifer Bradley (bradleyj@uah.edu) are located in the Materials Science Building room 206C. Advising is provided for students until they declare a major, after which they are assigned to a

departmental advisor. Each department in the College of Science provides its own student services, including tutoring. Information can be obtained in the departmental offices. There are, however, specialized support centers maintained by the college.

Mathematics Tutoring Center

The Mathematics Tutoring Center provides tutoring in MA 107, MA 110, MA 113, MA 115, MA 120, MA 171, and MA 172. The tutoring center is conveniently located in the Shelby Center for Science and Technology where most of the mathematics courses are taught, and is staffed by graduate assistants. The hours of the tutoring center vary from semester to semester. For more information, please call the Mathematical Sciences Department at 256.824.6470, or visit our web site at www.math.uah.edu.

Mathematics Computer Laboratory

The Mathematics Computer Laboratory has approximately 20 computers equipped with a variety of mathematical software packages including Maple, MATLAB, and various tutorial programs. Located on the lower level of the Shelby Center in Room 006, the Mathematics Computer Lab is open only to students enrolled in math courses, and a student ID is required in the Lab. It is open approximately 35 hours per week and is staffed by undergraduate student assistants. For more information, please call the Mathematical Sciences Department at 256.824.6470, or visit our website at www.math.uah.edu.

Calculus Workshop

UAH's calculus workshop provides academic assistance to students at any level of calculus. No fee is charged and no grade is given. The workshop encourages students to work in groups on problems presented by graduate teaching assistants. Workshop participants get away from standard homework problems and see how math is used in the real world. This promotes teamwork, a sense of belonging to a community of math peers, and developing friendships which extend beyond the workshop.

Physics Success Center

The Physics Success Center exists to provide a central location (Optics Building 200) from which students in the physical sciences can seek guidance from experienced tutoring personnel free of charge. The center is supported by Physics Department faculty and provides supplementary class materials as well as on-going tutoring.
