

Graduate Certificate, Enterprise Resource Planning

The Graduate Certificate in Enterprise Resource Planning is designed for students who want a more in-depth knowledge of enterprise systems. UAH is a member of the SAP University Alliance, and students will have the opportunity to get hands-on experience using SAP - one of the leading software solutions for enterprise systems. Students completing the certification will also be well positioned to obtain certification as an SAP Business Associate (TERP 10). Training for the certification and discounted certification exams are provided periodically at UAH for students in the program. A subset of the certificate courses may be used to satisfy some requirements for the MS-Information Systems, MS-Supply Chain and Logistics Management, MSMS-Business Analytics, or the MBA program. The required courses for the Graduate Certificate in Enterprise Resource Planning include the following:
