Supply Chain and Logistics Management, MS

For an overview of the program click here (https://www.uah.edu/business/grad/degrees/ms-sclm/).

Program Prerequisites

Program prerequisites include a bachelor’s degree in any field and demonstration of competency in statistics.

Degree Requirements

The MS-SCLM program consists of 30 semester hours of graduate coursework. MGT 693, Supply Chain Strategy & Practicum, is the capstone course and should be taken toward the end of the student’s program. A student must earn a grade of B or better in MGT 693.

Total Semester Hours 30

¹ Students whose previous studies include the undergraduate equivalents of ACC 600 and/or MSC 600 can substitute a 3-credit-hour graduate-level course for each of the latter.

² Recommended Elective: MGT 503

Additional Information

Thesis Option

A thesis option is available. Students interested in this option should contact both the faculty member who the student wants to serve as the thesis advisor, and the Graduate Advisor in the College of Business, before completing 12 hours of graduate study. If selected, the student will register for the IS 699 Masters Thesis course for 6 credit hours in lieu of 6 credit hours of electives.

Transfer Credit

Up to 12 semester hours of graduate credit taken at other AACSB-accredited universities may be transferred to meet MS-SCLM degree requirements. Inquiries about the transferability of specific courses should be directed to the Graduate Advisor, who will consult with the faculty to determine whether the content of the class will be accepted for transfer credit.
