

Graduate Catalog

The Graduate Catalog provides basic information about the more than 80 master's, doctoral and certificate programs available at The University of Alabama in Huntsville. The catalog is a valuable resource that includes information about course offerings, degree programs, academic deadlines, tuition, financial aid, and funding opportunities, and student support services. In addition to becoming familiar with the information in the Graduate Catalog, students should consult with their academic advisors to ensure they take advantage of university support and resources in meeting their educational and career goals.

The Graduate Student Handbook (<https://www.uah.edu/graduate/resources/graduate-handbook/>) contains supplementary Graduate School policies and procedures. Students should become familiar with the Catalog and Handbook material pertaining to their degree programs. Together with their faculty advisors, students should make certain that their chosen programs of study comply with all policies and procedures.
