Additional Information

A student majoring in history with a public history track will find a variety of programs of study enabling her or him to develop depth and breadth in history and related areas from the other humanities, the social sciences, mathematics, and the natural sciences. Counseling is available in the History Department for programs of study in the following:

- general
- graduate school preparation
- pre-professional training in library science and museum studies
- public history
- and more

Students are advised to declare a major and minor and obtain a Program of Study (POS) by meeting with the College of Arts, Humanities, and Social Sciences Academic Advisors and following up with a faculty advisor in the department to review and sign it. Note, that while a POS is a contract and maps out the selection of courses that a student needs to progress toward a degree, he or she can always change majors and/or minors, and even colleges, at any point.
