Professional Studies

Mission
The mission of Professional Studies is to increase student enrollment and retention; enhance and diversify academic offerings through quality interdisciplinary undergraduate programming; respond quickly and responsibly to workforce development needs; and promote and expand lifelong learning opportunities.

Degrees
Bachelor of Professional Studies (http://catalog.uah.edu/undergrad/colleges-departments/arts-humanities-social-sciences/professional-studies/bachelors-ps/)

The Bachelor of Professional Studies (BPS) offers a flexible, well-rounded interdisciplinary curriculum that provides students the opportunity to expand their knowledge base across an array of academic disciplines to meet their individual goals. Students will learn how to communicate effectively, make informed decisions, and build analytical and critical thinking skills. The BPS degree can be completed fully online, in the classroom, or a combination of both.

Concentrations are offered in the following areas:

- Leadership and Organizational Studies (pending approval)
- Science, Technology, and Society
- General Studies

Admissions
UAH accepts credits awarded from institutions accredited by one of the regional agencies recognized by the American Council on Education (ACE). Credits transferred in from an accredited junior, community, or two-year institution can be applied for up to 50% of the degree requirements. Credits transferred in from an accredited four-year institution can be applied for up to 75% of the degree requirements. Transfer credit may also include ACE approved military training.

Professional Studies is a partner with the Community College of the Air Force (CCAF) through the Air University Associate to Baccalaureate Cooperative (AU-ABC), which allows the application of up to 60 earned hours from any CCAF degree program to an approved BPS degree concentration.

Professional Studies can also accept up to 34 hours of technical credits awarded by an accredited institution which will be applied to the student's plan of study as elective credit. Technical credits count as part of the maximum number of credits accepted from junior, community, or two-year institutions. Technical credit may not be used to satisfy degree requirements such as general education, degree core requirements, or concentration requirements.

Students should provide an official transcript sent directly to the UAH Admissions office. Transfer credit will be applied as appropriate and at the discretion of the College.

Technical Requirements
All students in Professional Studies are required to have their own computer and access to a sufficient internet connection for participating in online instruction and completing assignments/projects/tests.

Bachelor of Professional Studies, Leadership, and Organizational Studies Concentration (http://catalog.uah.edu/undergrad/colleges-departments/arts-humanities-social-sciences/professional-studies/bachelors-ps/) (pending approval)

Develop an understanding of foundational leadership theory and prepare for careers that involve finding solutions to human problems in organizations and communities. Coursework focuses on business (emphasis on leadership, management, and information systems) and humanities/social sciences (emphasis on communications, history, philosophy, political science, psychology, education, and/or sociology). The curriculum includes courses in leadership styles, management, information systems, individual and group dynamics, organizational and group behavior, human resources, professional ethics, and communication skills. Students acquire an understanding of human behavior in groups, organizations, and larger systems.

Bachelor of Professional Studies, Science, Technology, and Society Concentration (http://catalog.uah.edu/undergrad/colleges-departments/arts-humanities-social-sciences/professional-studies/bachelors-ps/)

Integrate the study of science, engineering, and/or technology with its social and cultural impact on humanity. Focus on developing a broad understanding of the technical, historical, and social dimensions of science and technology. Curriculum options include engineering, the natural sciences, computer science, information sciences, business, the social sciences, and/or humanities. The curriculum provides an interdisciplinary approach to explore the significance, challenges, and effects that science and technology present to society. Courses allow students to incorporate technical scientific knowledge with analytical thinking from a social perspective.

Bachelor of Professional Studies, General Studies Concentration (http://catalog.uah.edu/undergrad/colleges-departments/arts-humanities-social-sciences/professional-studies/bachelors-ps/)

Design a curriculum to best support your professional and personal interests. Coursework places a priority on interdisciplinary studies, critical analysis, oral and written communication, ethics, and teamwork. It allows students to fulfill general education credits, study relevant topics, develop versatile skill sets, and prepare for a wide range of career options.

**Professional Studies (PRO) Courses**

**PRO 101 - INTRO COLLEGE ACADEMY**
Semester Hours: 3
