Entrepreneurship Minor

Students who have an interest in becoming entrepreneurs or participating in the launch of a new product or service can minor in entrepreneurship by taking 18 semester hours of courses from the management, marketing, and finance departments. This minor helps students develop the following:

- research skills to identify entrepreneurial opportunities for small business startups
- the ability to integrate knowledge from the various business disciplines as they apply to small business management
- an understanding of financial decision making as it applies to entrepreneurship ventures
- the ability to critically analyze competitive strategy

Students electing a minor may use the courses completed in their Charger Foundations as part of the required hours in a minor. Students may also use relevant courses to meet the requirements in their major.
