Mission

The UAH College of Science offers first-rate degree programs thanks to our award-winning faculty and state-of-the-art facilities. We provide a unique academic experience by blending a vibrant curriculum with hands-on experience.

- Through dedicated College and Departmental Advisors, each College of Science student is provided individualized guidance to equip them with the best tools for academic success.
- Small, dedicated major classes promote quality instruction from engaged faculty in an ideal environment for peer-to-peer comradery.
- College of Science students benefit from plentiful partnership and collaboration opportunities with NASA, the Department of Defense, NOAA, the HudsonAlpha Institute of Biotechnology, and many more.

Through rigorous academics and real-life experience, our students graduate with a competitive edge and a degree that offers flexibility to grow into whatever field they choose. Take the first step to discovering your academic future holds - explore our programs.
